There is a good deal of trouble in the camp about Sheriff in Lincoln county. Burges is nominated, and the affair is postponed for consideration. It is thought that the Council will not confirm him. That the great quantities of foed, and the multifarious forms in which it is used do more or less intiry to the human system, but those who attribute dis uso and death to man's folly in this respect, must certainly be in error. ENERGY_OF CHARACTER.

Energy of character is the philosopher's stone of this life, and should be engraven upon every heart. It is that which has peopled the temple of fame that which has filled the historic pages with great names, and the civil and military world that which has brought a race from barbarism, drawn the well from science, and developed the wondrous powers of nature. It makes men great and makes men rich .- Eirst or last, it brings sorness. ...Without it, Webster would have been a New Hampshire lawyer; T. Ewing nave occur new transpante lawyer, i wante special poyman printer. Warhout it, Demosthenes would have stammered on to his grave; and Cincinnatus died a common soldier. Shakspeare would have been anot for posching; Pope died Energy of character will do the same thing

for any man in a small way that it har done for those. Give the lawyer energy of character, and he will encoced at the bar without talente. It is the secret by which the merchant, the artist, the scholar and the mechanic, arrive at dis-tinction and wealth. If they fail once, they try again - no contrary winds that them down : or if down, they will not stay down. The man who has energy of character will time in spite of fortune, and in spite of apposition.

Give a man evergy, and he is a made man sion, as soon as the lifest has blown over that Tree, suspensione, bad nurrency, and every other evil that maiice and ignorance can fix upon the people of this country, they have energy gdespair, and cuts away the sheets of his canvase, because he finds contrary winds in his paseage, is but a post namigator.

The Camomile Preparation by Dr. Wm. Evans

is undestightly antitled to this entitle distinction for whilst no medical authority in existence condemns personal interests, must be attributed either to their cander and love of truth, or to their unwillingness to fly in the face of all observation, and the testimony of thousands.

Dr. W. Evans does not pretend that his Camomile Tonic Pills will cute all divenses. He frankly and conscientiously admits that they will not. He lays no claim to the discovery of the "Philosopher's Stone," and wishes all body to believe that he sells the 'Elixir of Life," but he does say, and he does believe, and he can prove, that in debility and impaired constitution; in Nervous diseases of all kinds; in weakness of the digestive organs, in incipient consumptions, whether of the lungs or the liver; in the dreadful dehility occasioned by the use of purgatives; in palsy, incumatism, (more especi-ally) in the sickness incident to mothers, and to fe-males of relaxed nerves; in every crae of debrium tremens, or that discuss which is brought on by in-temperance; in the wretched horrors of body and mind which accrue from occasional inebrity; loss of appetite, langor, melancholy, pains in the head, limbs, or side; in corrupt sallow, and uncomely complexion caused by the bad state of the fluids in all these cases, and in others mentioned in the bills of directions given with his medicines HE DOES SAY, that the Camomile Fonic Pells, interchanged occasionally with his Aperient Pamily Pills, (the best known) which are sold with them, will effect immediate relief; and if used but for a fair period of trisl a perfect cure. This much is placed beyond a doubt by daily testimentes which would be given on oath, and for this much Dr W. Evans can conscien tiously request confidence. He therefore need only add that his Camounie Tonie Pills, together with his excellent Family Aperient Pills, can be obtain ed wholesale or retail, at No. 7, Division street near Chatham square, N. York, and his authorized agents

Other and more conclusive demonstrations of the efficacy of Dr. Evans' Camomile Preparation and Aperient Medicines, are submitted by the following important and extracrdinary would affected by their highly medicinal qualities; all of which may be seen at Dr. Wa Evans' Medical Office, No 7, Division street. One of two of these he herewith re

spectfully gives to a discriminating public.

Dr. Win. Evans.
